

EASY ROUND TRIP

Tour description

Style: Classic

This cross-country skiing circuit is very suitable for beginners due to the low gradient. At the transformer station (at Café Dörflinger on the main road turn into Werkstraße) or in the immediate vicinity of the Frick nursery, the double-track groomed trail begins, which is ideal for beginners. It runs level and without any incline and offers a wonderful view of the mountain ranges around Bludenz.

Changing facilities: There are no changing facilities on site.
Current status: You can find this in the daily updated trail report.
