ROUND TRIP

Tour description

Lünersee circuit with a short mountain run.

After the ascent with the Lünersee cable car, the trail starts directly at the mountain station. The Lünersee loop runs on the classic Lünersee circular trail once around the lake. In the "Trail" variant, the path branches off to the right relatively at the beginning in the direction of Totalphütte. After a few meters of altitude, another trail comes up from the Lünersee on which it then goes downhill again. The route continues again on the Lünersee circular path. If this tour is too long for you, simply leave out this variant.
